Re: Explanation of difference between the reviewed fianncial statements and the sefl-prepared fianncial statements of six months of 2026 and the same period

Ho Chi Minh City, 14 August, 2026

Dear: **State Securities Commission**
Hanoi Stock Exchange

Pursuant to the provisions of Circular 96/2020/TT-BTC on information disclosure, Tan Phu Vietnam Joint Stock Company explains the difference in after-tax profit on the reviewed fianncial statements and the sefl-prepared fianncial statements of six months of 2026 as follows:

Accumulated for the first 6 months of 2026, the Company recorded net revenue of 1,637 billion VND, maintaining a slight growth of 1.6% compared to the same period due to the reorganization of factories, focusing on production to optimize operational efficiency and enhance export capabilities.

Profit afer tax reached 25.4 billion VND (equivalent to 82% of the same period in 2025). The main reason is that during the period, the Company proactively pushed for the expansion of new distribution channels, leading to a 23% increase in costs for sales activities and market development.

The production restructuring and proactive increase in commercial costs in the short term are strategic steps to improve competitiveness and promote sustainable growth in the long term.

We hereby certify that the information disclosed above is true and take full legal responsibility for the content of this disclosure.
